### P.B. Dragon Phoenix Pearl Jasmine

“Graced with the scent of jasmine flowers, Dragon Phoenix Pearl Jasmine imparts an unmistakably distinct bouquet and light yet complex flavor. Following a tradition that dates back 800 years, jasmine teas gain their distinctive character in two stages. After spring harvest, leaves are set aside until jasmine flowers mature in late summer. Tea leaves are then combined briefly and individually with jasmine flowers, separated, and rolled into pearl-sized balls.”

### P.B. Egyptian Chamomile

“From the dry, sandy soil of Egypt, Chamomile boasts a history of thousands of years. Our pure, unblended Egyptian Chamomile produces a golden, fragrant, smooth apple-like flavor tea worthy of its storied past.”

### P.B. Green Peony Rosettes

“Harvested early in the season at a tender, young stage of growth, the leaves that comprise Green Peony Rosette are said to capture the fresh, gentle essence of spring. In Chinese tradition, the peony symbolizes Spring – the time at which tea leaves first appear. Lightly twisted and quickly dried, the leaves are sorted by size, gathered into ‘rosettes’ and tied by hand. The rosette reveals a striking sweetness with a distinctive, lingering finish.”

### Raspberry

“Nothing captures the spirit of the islands like dazzling hibiscus blooms - brought together here in a fruit-rich blend that also includes rosehips, and bits of apples, plus raspberry and other fruit flavors. Caffeine-free, with a sharp, tangy flavor and finish.

Its watercolor red hue is straight out of an island sunset.”
